## Non-Binary Gender Identities

The Language of Becoming

**Sebastian Cordoba**

*Series: Gender and Sexualities in Psychology*

*Non-Binary Gender Identities* examines how non-binary people discover, adopt, and negotiate language in a variety of social settings. It considers how language, in the form of gender-neutral pronouns, names, and labels, is a central aspect of identity for many and has been the subject of much debate in recent years. This book is essential reading for students and academics in social psychology and gender studies, as well as anyone interested in furthering their understanding of non-binary gender identities.
